

THURAYA ALSATRAWI

Software Engineer / Intelligent Automation

+973 33836688 | thuraya@alsatrawi.com | <https://tthuraaya.github.io/thuraya-portfolio/>

PROFESSIONAL SUMMARY

Software Engineer and Intelligent Automation Developer with experience designing and developing web, desktop, and mobile applications. Passionate about building scalable, maintainable software and leveraging intelligent automation to improve efficiency, streamline business processes, and solve real world challenges. Committed to continuous learning, writing clean and reliable code, and delivering practical solutions that create meaningful impact.

WORK EXPERIENCE

IT Application Services Department Intern
Arab Banking Corporation / Bank ABC

Feb 2026– Mar 2026
Jun 2026– Jul 2026

- **Payment Systems & Transaction Validation:** validated payment transaction processing using TMS/X and investigated transaction failures to verify system behaviour and ensure transaction integrity.
- **Intelligent Automation & Power Platform Development:** Developed and maintained solutions using Microsoft Power Apps and Power Automate to automate business processes and improve operational efficiency.
- **AI Application Development:** Designed and developed an AI powered anomaly detection web application to identify unusual financial transactions and support fraud detection.

EDUCATION

Bachelor's of Information Technology in Programming
Bahrain Polytechnic

Sep 2026 – July 2026

ReShelved Bookshop Management System

- C#, HTML, CSS, SQL, JavaScript, Visual Studio, .NET, MVC architecture
- Developed a full-stack bookshop management system using C# and Visual Studio with a student web portal, staff desktop application, SQL database integration, and administrative reporting features.

Origins of Rosèvelt

- C#, Unity
- Developed a Unity game using C#, implementing player movement, combat mechanics, enemy AI, and level progression.

Glow Events

- Swift, XCode, Firebase
- Built a native iOS event management application in Swift, emphasizing usability, responsive interface design, and efficient event browsing and organization.

LANGUAGES

Arabic

- Native Proficiency

English

- Native Proficiency

SKILLS

Programming Languages

- C#
- Python
- Java
- JavaScript
- PHP
- Swift
- SQL

Software Development

- Object-Oriented Programming (OOP)
- Full-Stack Development
- Web Development (HTML5, CSS3)
- REST API Development
- Software Design & Development

Databases

- Microsoft SQL Server (SSMS)
- PostgreSQL
- Database Design & Management
- SQL Power Architect

Intelligent Automation & Power Platform

- Microsoft Power Apps
- Microsoft Power Automate
- Business Process Automation
- Workflow Automation

Development Tools

- Visual Studio 2022
- Visual Studio Code
- PyCharm
- Apache NetBeans
- Unity
- Phoenix Code
- Git
- GitHub

Microsoft Office

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint

Professional Skills

- Problem Solving
- Analytical Thinking
- Teamwork
- Leadership
- Communication
- Adaptability

CERTIFICATIONS

- Power Platform Developer by Microsoft
- IELTS Academic Certification by British Council
- Essentials of Career Development by Thinksmart
- Ethical use of AI by Bahrain Polytechnic
